Care and Maintenance

Laminates are durable and resistant to abrasions and scratches; however, proper care is essential to optimize their lifespan.

Our products are easy to clean: simply use a mild household cleaner, rinse with clean water, and dry with a soft cloth. Avoid using strong cleaning detergents containing acids, alkalines, or solvents, as they may damage the laminate surface.

Additionally, avoid exposing the laminate surface to direct high heat or prolonged sunlight, and refrain from hammering or using sharp objects on it.

Disclaimer

Our products are intended for interior use only. Buyers are advised to reconfirm the color, surface finish, and grain before placing an order. If in doubt, please request a larger sample or a detailed image. We shall not be liable for any claims arising from color or finish discrepancies.

Buyers are strongly encouraged to inspect products prior to installation. In the event of any manufacturing defects, our liability is limited to the cost of the laminate only. Please note that once goods are sold and cut, they cannot be refunded or exchanged.

The information provided herein is subject to change without prior notice. The actual full-size grain and color of the laminate may vary from those shown in this catalogue. We shall not be held liable for any claims resulting from disputes over laminate designs if the selection is based solely on sample chips in the catalogue or images from our website.

Additionally, different batches may exhibit slight color variations.

Products Information:

- Available in two sizes: 4' x 8' and 4' x 10' Laminate, unless otherwise specified.
- Matching PVC Edging is available.
- All sizes are subject to design and stock availability.
